GENERAL FINANCIAL REQUIREMENTS

1. Only program activities and expenses detailed in the approved grant budget and incurred during the grant period are eligible for reimbursement. Expenses incurred that are not detailed in the approved grant budget or outside of the grant period will not be reimbursed. **Costs cannot exceed the approved grant award.**
2. Goods purchased through the grant shall be received in acceptable condition. If goods are not received in acceptable condition within thirty days prior to the grant ending date, the grantee shall contact the OHSP program coordinator.
3. The grantee (and all sub-recipients and contractors) shall use Generally Accepted Accounting Principles (GAAP).
4. Costs charged to this grant cannot be charged to any other program, agency, or organization. Law enforcement agencies cannot offer comp time in lieu of overtime pay.
5. All costs shall be actual and supported by source documentation. Financial reimbursement will be delayed until all backup documentation is received by OHSP. Information is available from OHSP to assist with identifying adequate backup documentation for Truck Safety Fund Grant cost claims.
6. A separate account or fund must be established for this project. A separate account is required to be maintained by all agencies receiving Truck Safety Grant funds from OHSP regardless of the dollar amount. In addition, grantees receiving Truck Safety Grant funds from OHSP for multiple grant projects must have a separate account for each grant project. It is the responsibility of the oversight agency to ensure that all sub-agencies meet this requirement. The general ledgers of the sub-agencies are not required to be submitted with requests for payment unless specifically requested by OHSP.
7. Costs must be net of all applicable credits such as purchase discounts, rebates, or adjustments of overpayments or erroneous charges. This may require approval from the MTSC.
8. Deviations from the approved budget require **prior approval from OHSP**. This would include but not be limited to:
 - a. A specific item of cost not included in the approved budget.
 - b. An increase in the number of a specific item over and above the total authorized.
 - c. A transfer between major budget categories in excess of ten percent of the category being increased.
9. Procurement Methods:
 - a. Competition: Grantees shall conduct all procurement and contractual transactions, without regard to dollar value, to provide maximum, open, and free competition. Maximum, open, and free competition shall be assured through the distribution of an adequate number of proposal solicitations.
 - b. Small Purchase Procedures: Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than \$25,000 in total. If small purchase procedures are used, price or rate quotations must

be obtained from at least three qualified sources.

c. **Competitive Bids:** For purchases over \$25,000, the grantee shall follow their competitive bid process providing it is at least as restrictive as the process required by the State of Michigan. The grantee or their contractor agrees to ensure that minority business enterprises, as defined in 49 CFR Part 23, have the maximum opportunity to participate in the performance of contracts and subcontracts financed, in whole or in part, with funds provided under this agreement.

In those instances where three bids have not been received, a full explanation, along with the names and addresses of those firms and individuals requested to bid, and including reasons why agencies failed to bid, must be forwarded to OHSP for approval **prior** to awarding a contract.

10. Documentation for costs shall be maintained for three years following final reimbursement.

11. Any program income received shall be used exclusively to further Truck Safety project activities. Program income is defined as gross income earned by the grantee from grant supported activities. The OHSP shall be notified if program income is generated. Some examples are proceeds from the sale of items purchased or developed with grant funds, or revenue received from attendees at trainings or conferences paid for with grant funds. Program income must be netted against costs incurred within the grant or returned to OHSP, unless prior permission is obtained from the OHSP to use the funds for other traffic safety projects. Contact the OHSP for further information.

12. Supplanting:

General Cost of Business (formerly referred to as Supplanting): The replacement of routine and/or existing expenditures with the use of state or federal grant funds for costs of activities that constitute general expenses required to carry out the overall responsibilities of a state or local agency or other grantee is general cost of business and is not allowable.

The grantee (and all sub-recipients and contractors) shall not use grant funds to supplant state or local funds, or, other resources that would otherwise have been made available for this program. Further, if a position created by a grant is filled from within, the vacancy created by this action must be filled within 30 days. If the vacancy is not filled within 30 days, the grantee (and all sub-recipients and contractors) must stop charging the grant for the new position. Upon filling the vacancy, the grantee (and all sub-recipients and contractors) may resume charging the grant position.

The Financial Officer or Authorizing Official's straight time costs may not be funded under this grant.

COST REIMBURSEMENT

1. OHSP projects are based on the cost reimbursement concept; i.e., State, Local, or Private Organization funds shall be expended before reimbursement is provided.

2. Reimbursement is based on submission of progress and financial reports. All requested information should be submitted electronically whenever possible. Otherwise, backup information may be submitted via U.S. mail or by fax. A Financial Report submitted to OHSP by a grantee shall contain the following to be considered complete:

- a. Electronic signatures as indicated by agency passwords for the agency's Financial Officer or Project Director.
- b. A copy of a report for the current period generated by the grantee's official accounting system which shows a description of the item and the actual amount spent. Some examples of

acceptable reports include a detailed general ledger, a transaction ledger, a payroll journal, or a detailed budget/expenditure report. The report must match the amount being requested for reimbursement.

- c. For enforcement grants: Officer names, dates, and amounts paid for each agency participating in grant funded patrols.
- d. For non-enforcement grants with personnel costs: Activity logs as described in Personnel Costs under Budget Cost Category Requirements.
- e. Copies of invoices must be included.
- f. Additional documentation as requested by OHSP.

3. Financial Reports are due on a **monthly** basis. Financial Report due dates are specified in the grant approval letter. Financial Reports must be submitted even when the project experiences no costs. In this case, a value of zero shall be submitted on Financial Report. The submission of Financial Reports is mandatory, and non-compliance can result in termination of the grant.

4. The Project Director shall ensure that financial reports are submitted in compliance with reporting deadlines. If the financial report is submitted electronically without backup documentation, the financial report is not considered submitted and the grantee will receive a delinquent letter stating same.

5. A delay in submitting support documentation may result in the suspension of all grant activity.

6. Failure to submit cost statements with adequate supporting documentation prior to the fiscal year close out deadline will result in non-reimbursement of those costs. Costs from one fiscal year cannot be paid in a subsequent fiscal year.

BUDGET COST CATEGORY REQUIREMENTS

(PLEASE REFER TO THE FOLLOWING FOR SPECIFIC REQUIREMENTS OF BUDGET COST CATEGORIES. ONLY REQUIREMENTS FOR COST CATEGORIES CONTAINED WITHIN YOUR APPROVED GRANT BUDGET APPLY.)

PERSONNEL COSTS

1. Payments for salaries and wages shall be supported by a time and attendance report, based on an after-the-fact distribution of time, which shows details of the activities performed.

For enforcement grantees (including sub-grantees)-A daily activity log with descriptions of the activities performed must be completed for all time requested for reimbursement. The time on the daily must agree with the hours requested, and approval must be documented electronically or in writing. Daily logs shall be kept on file at the agency and must be submitted with other supporting financial backup if requested by OHSP or be made available during monitoring. A list of officer's names, dates worked, and amounts paid for each agency participating in grant-funded enforcement patrols must be submitted on the enforcement grantee reimbursement form provided by OHSP or on an alternate form approved by OHSP.

For non-enforcement grantees-Grantees must maintain activity logs which document the actual amount of time spent on the grant project and describe the nature of the activities performed. If the grant is funded from multiple sources, the logs must show the activity by fund source. This documentation must be submitted with the financial reimbursement request.

2. Reimbursement for wages and fringe benefits shall be based on actual costs not budgeted rates.

Only those fringe benefit costs that increase as a result of hours worked on this project can be claimed for reimbursement. For overtime wages, those costs typically include FICA, workers comp, and retirement, but if any of these costs are structured so that they do not increase with overtime, they cannot be reimbursed. For defined benefit pension plans, the grant will not pay any portion of the rate that is a prior year unfunded liability. For straight-time grant-funded positions, all fringe benefits associated with the position may be claimed to the extent that the position has been approved for reimbursement (e.g., if 50% of the position is grant funded, 50% of the fringes benefits can be claimed.) Fringe benefit rates must be reasonable.

3. The rate of pay for grant-funded enforcement shall be determined according to the grantee's policy, contract, or employment agreement. Overtime rates must be applied consistently to all activities of an agency. Higher rates may not be established for Truck Safety grants.
4. Agencies shall comply with all State labor laws.
5. If the grant contains personnel services as part of the award, a detailed job description for each position listed in the budget must be available to the OHSP upon request.

CONTRACTUAL SERVICES

Contractual services are services of individual consultants or consulting firms engaged in performing special services pertinent to highway safety. Contracts are allowable when necessary to achieve the goals of the grant agreement. Costs are allowable for products, highway safety consultants, personal services, and/or individuals for support services, provided applicable state and local procurement procedures are followed and documentation is available that describes the official contract and procurement practices. The grantee is responsible for managing all contracts issued using the OHSP grant funds including:

- Ensuring the contractor complies with all contract provisions.
- Ensuring services are performed according to the quality, quantity, objectives, timeframes, and manner specified in the contract.
- Ensuring that all work is completed and accepted before the contract expires.
- Assessing and requesting amendments, renewals or new contracts as required allowing sufficient time to process and execute these changes before the contract expires to prevent lapse in service.
- Ensuring that contracts are amended after any grant agreement revision that affects the contract terms.
- Reviewing and approving invoices for payment, ensuring payments are made in accordance with contract terms, all costs are budgeted and allowable, and work has been performed.
- Monitoring contract expenditures to ensure there are sufficient funds to pay for all services rendered as required by the contract.
- Verifying all requirements of the contract are fulfilled before submitting the final invoice.
- Ensuring that all personnel activity log requirements are met.

NOTICE: Contracts paid for in whole or in part with Truck Safety Funds must be made available to OHSP upon request as part of the monitoring and audit process.

OPERATING COSTS

1. Only eligible operating costs specifically listed in the approved grant budget will be reimbursed. These are costs not covered under other budget categories, including services not requiring contractual agreements and minor equipment such as office supplies, printing, and educational materials.
2. Automotive expenses submitted shall be based on actual costs incurred for grant related activities. In most cases, this will be calculated by multiplying actual miles driven times a mileage rate. The rate will be determined when the grant is approved but will generally be the IRS business mileage rate. With prior approval, reimbursement may be allowed based on the actual costs incurred for gasoline, maintenance, insurance, and other vehicle expenses. The grant shall not reimburse costs associated with the personal use of vehicles funded with Truck Safety Funds.
3. Reimbursements for travel (meals, lodging, mileage, etc.) cannot exceed the lesser of the grantee's published travel rates or the allowable State of Michigan travel rates. Exceptions to this for unusual situations require approval by OHSP prior to incurring the expense.

Out-of-state travel funded by State grant funds requires prior written approval by the OHSP Division Director. A written request shall be submitted on the form provided. **Requests shall be submitted at least 30 days in advance of anticipated travel.** Financial commitment (i.e. travel arrangements, conference fees, hotel reservations, etc.) shall not be made prior to OHSP approval.

4. Postage, telephone, and grant-related travel costs shall be documented by log or meter and submitted with the reimbursement request.
5. Only eligible operating costs specifically listed in the approved grant budget will be reimbursed.

EQUIPMENT

1. Only eligible equipment specifically listed in the equipment section of the approved grant budget will be reimbursed.
2. Equipment purchases shall be initiated within the time period specified in the approved grant. Initiated means bids were solicited, accepted, and items have been ordered. If there is a reason a grantee is unable to meet this requirement, OHSP shall be contacted immediately.
3. Equipment purchased through this grant shall be used only for Truck Safety activities throughout its useful life.
4. If the equipment is disposed of or ceases to be used for Truck Safety activities, and the equipment is determined to have a Current Fair Market Value of \$5,000 or more, OHSP reserves the right to retain or transfer title to all items. OHSP may allow the holder of the equipment to retain title of the equipment and reimburse the State share of the fair market value of such equipment. The Current Fair Market Value shall be determined as follows:
 - a. Appraisal by an independent source with expertise in valuation of similar items is the preferred method of valuation for equipment.
 - b. Kelly Blue Book values may be used, taking into consideration the physical condition of the vehicle.

c. If a fair market value based on appraisal or Kelly Blue Book values cannot be determined, the value may be based on IRS depreciation schedules. Only straight-line depreciation may be used.

5. Equipment with a cost of \$5,000 or more shall be tagged by the grantee for inventory control purposes. Equipment must be maintained on a physical inventory list if it has a value of \$5,000 or more. In addition, the OHSP Equipment Record System Form with all applicable information completed shall be submitted with the grantee's reimbursement request. The grantee shall complete an equipment inventory form sent to them by OHSP each year that the value remains \$5,000 or more and shall make the item available for physical review by OHSP staff upon request.

6. Equipment must be inventoried on an annual basis. An equipment list must be provided to the OHSP that includes, but not limited to, a description of the item, identifiers such as VIN/model/serial numbers, photographs, date of purchase, copies of insurance coverage, title, and registration (vehicles). Equipment may include computers, cellular phones, vehicles, software licenses, and any other item as requested by the OHSP. This must be provided to the OHSP 30 days after the grant award date.

INDIRECT COSTS

Indirect costs cannot be specified in all situations because of diverse characteristics and accounting practices. Typical examples of indirect costs may include certain State/Local-wide central service costs, general administration of the grantee department or agency, accounting and personnel services performed within the grantee department or agency, depreciation or use allowances on buildings and equipment, the costs of operating and maintaining facilities, etc.

Indirect costs shall be provided at a negotiated rate mutually acceptable to the grantee and OHSP. The indirect cost rate shall be developed in accordance with *Federal Circular A-87* and shall be supported by the grantee's central service cost allocation plan or its equivalent. The indirect cost rate must be approved by the grantee's cognizant agency with written documentation maintained by the grantee. If the grantee does not have a cognizant agency, OHSP will serve in this capacity.

OHSP retains the right to terminate a grant for failure to meet the grant management requirements. When a grant is terminated by OHSP, the grantee shall not be eligible to seek grant funding for a period of two years. In order to obtain a grant after the two-year period, the grantee will be required to submit written assurance that the identified deficiencies have been corrected. Additionally, the agency may be required to submit more frequent financial reports to allow for increased financial monitoring.
